REGISTRATION PACKET INSERTS

GENERAL GUIDELINES

An opportunity exists for companies to have company-specific information viewed by every registrant by having inserts included with the materials all registrants receive when they check in at the registration desk. The inserts may be about a specific product, service, booth location or company function, and represent an excellent opportunity to enhance your visibility.

The number of registration packet inserts included for each exhibitor is determined by the Sponsorship Level and/or the purchase of a Product Theater. An exhibiting company also has the option to purchase a registration packet insert if it is not included with your sponsorship level. Email exhibitors@ccrheumatology.com to purchase an add-on registration packet insert. The cost of each insert is based on the actual number of pages that compose the insert, and is not dependent on whether it is printed on the front, back, or both sides.

- Premier
 - 3 onsite packet inserts
 - 3 digital packet inserts
- Diamond
 - 1 onsite packet insert
 - 1 digital packet insert
- For Each Product Theater
 - 1 onsite packet insert
 - 1 digital packet insert

Packet inserts should follow these guidelines:

- A one-page insert is only one single page
- If the insert is longer than one page, then there will be an additional charge of \$500 for each additional page.
- The insert should be composed of paper (≥ 100 micron/80 gsm in thickness). Thinner or easily torn pages (e.g., product information packet inserts) are not acceptable and will not be put in the registrant packets
- The insert may be printed on the front, back or on both sides.
- It may be of any shape or size, up to 8.5 x 11 inches
- Product Theater titles must use only generic names (no brand or trade names are permitted).
- An unbranded Product Theater title must be submitted to CCR no later than **August 14, 2026**. ANY TITLES NOT RECEIVED BY THE DUE DATE ARE NOT GUARANTEED TO BE CORRECT, AND MAY NOT BE INCLUDED IN SYLLABUS.
- All inserts must contain the following disclaimer sentence: "The Non-CME Corporate Forum content and the views expressed therein do not necessarily reflect the views, policies or position of the Congress of Clinical Rheumatology."

- The insert must be pre-approved by CCR. [See the approval instructions below.](#)
- **Any inserts must be shipped to Pyramid prior to September 11, 2026.**
- Digital inserts must be uploaded as PDF files to your Sponsor Fulfillment site prior to **September 11, 2026**
- Please include a tracking number so that misplaced packages can be located (if applicable) and send tracking information to exhibitors@ccrheumatology.com

APPROVAL INSTRUCTIONS

All packet inserts must be pre-approved in order to be included. Please upload your proof using the [Fulfillment menu in the Sponsor Portal](#) for each packet insert you have by **August 15, 2026**. Acceptance or rejection will be shown in the portal once reviewed. If you do not receive a response, it is your responsibility to followup to confirm acceptance.

ONSITE PACKET INSERTS

It is your responsibility to have the packet insert arrive on time. If your packet insert is not pre-approved, does not contain the disclaimer line, or does not arrive at Pyramid by the arrival deadline (**September 11, 2026**), IT WILL NOT BE INCLUDED IN THE REGISTRATION PACKETS. Any payments made will not be returned.

Approved inserts should be shipped to the drayage company as noted below

DIGITAL PACKET INSERTS

Approved digital packet inserts must be submitted through your sponsorship portal prior to **September 11, 2026** to be included in the download for attendees. The inserts will be made available for download on our mobile app, virtual platform, and our live.ccrheumatology.com website.
